

The Community That Cares For Each Other

Deuteronomy 24: 10-22

Open Your Hearts)

Let's share the experiences God has led through the Word for the past week.

At one time Israel was the weakest and the most subservient slave in Egypt, but by the love of God they were liberated, and the promise land was taken as their inheritance. God commands us to actively help and care for the weak within the covenant community.

1. Tells the socioeconomic regulations about weak neighbors. (vv. 10-16)
 - 1) What do you need to keep when you lend something to your neighbors? (verses 10-13)
 - 2) What should an employer do to poor workers? (verses 14,15)
 - 3) What does the law say about the ancestral law of the ancient Near East? (v. 16)

Sharing 1)

Let 's reflect myself whether you have dealt despicably or unfairly with people who are weaker or harder than you in your life or at work. Also, let's share how my mind and attitude toward them should be changed.

2. Provide social welfare regulations for the socially disadvantaged.(vv. 17-22)
 - 1) How do you deal with the social disadvantaged people such as gentile, orphans, and widows in difficult situations? (v. 17)
 - 2) When harvesting grain and fruit, what should they do with some of the harvest?(vv. 19-21)
 - 3) Why should the Israelites take care of the socially weak?(vv. 18, 22)

Sharing 2)

God wants the community to take care of people in need or in difficult circumstances. Who are the weak in my church or community? How can we help them?

Give Your Heart)

- 1) Give us sympathy to take care of those who are in challenge around us.
- 2) Let KCPC do GLOCAL mission and serve as the hands and feet of its mission.
